JUSTIFICATION AND APPROVAL
FOR
OTHER THAN FULL AND OPEN COMPETITION**

1. **Contracting Activity:** Department of Veterans Affairs
Network Contracting Office 23
708 3rd Street, Suite 200
Minneapolis, MN 55415

2 **Nature and/or Description of the Action Being Processed:**

A new contract will be awarded on a sole source basis for the procurement of a 4-month short term bridge contract under FAR Part 6.302-2. The Government anticipates the award of a long-term contract for providing Radiology Services for the Sioux Falls VA Health Care System within the next 3-4 months. The contractor shall furnish 1.0 FTE on-site Radiology services, 0.75 FTE off-site Radiology services, and after hours Radiology services for VA beneficiaries of the Sioux Falls Veterans Affairs Health Care System (SFVAHCS). The contract for these services will be with the incumbent Contractor, Avera McKennan Hospital & University Center.

3. **Description of Supplies/Services Required to Meet the Agencies Needs:**

The proposed acquisition is for a four (4) month contract beginning 01/01/2014 through 04/30/2014. This contract has an estimated value of \$440,000.00. The Sioux Falls VA Health Care System has a requirement for a 1.0 FTE on-site Radiologist, a 0.75 FTE off-site Radiologist, and after hours Radiology services for veteran beneficiaries of the SFVAHCS. Contractor shall be reimbursed a Firm Fixed Price as negotiated and agreed upon at contract award.

The Government Estimate was prepared based on current patient volume and historical costs paid for 2011 – 2013. The previous contract was awarded off a competitive solicitation and was ultimately awarded to Avera McKennan Hospital & University Center.

4. **Statutory Authority Permitting Other than Full and Open Competition:**

The statutory authority permitting other than full and open competition is 41 U.S.C.253(c) (2) as implemented by the Federal Acquisition Regulation (FAR) Subpart 6.302-2 entitled "Unusual and Compelling Urgency"

5. **Demonstrate that the Contractors Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above:**

The proposed source for this action is Avera McKennan Hospital & University Center. Avera McKennan Hospital & University Center is currently providing the required services under contract VA263-12-D-0166 which expires on December 31, 2013.

Network Contracting Office 23 Health Care Team One is currently working a competitive acquisition for a long term (base year plus four (4) option years) contract to procure these services for the Sioux Falls VA Health Care System, but are not ready to award. It is anticipated that award of a long term procurement will take place prior to the expiration of this action.

The current contract expires on December 31, 2013. Loss of services between that date and award of a long-term contract would significantly impact veteran care and the ability of SFVAHCS to provide timely radiology services.

6. Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable

The long term requirement will be solicited competitively.

7. Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable:

Fair and reasonable pricing will be determined in accordance with FAR 15.404-2. Pricing will be evaluated to be fair and reasonable based on a comparison to the Independent Government Cost Estimate and previous contract costs. The negotiated price for Radiology Services will be in line with market prices from other community providers and Medicare rates.

8. Description of the Market Research Conducted and the Results or a Statement of the Reasons Market Research Was Not Conducted:

Market research conducted in accordance with FAR Part 10 demonstrated that Avera McKennan Hospital & University Center is capable and able to provide the required services.

9. Any Other Facts Supporting the Use of Other than full and Open Competition:

The required service specified in the performance work statement is currently fulfilled by Avera McKennan Hospital & University Center.
